

Special County Fair edition Second Section

Don't eat large trout from Koshlong

Three Haliburton County Lakes were found to have some mercury content according to a report from the Ministry of Environment. Brown trout in Cheddar Lake, in Cardiff Township, are unrestricted up to 18 inches long. Fish 18 to 22 inches have some mercury and people should only consume .5 pounds a week at

the most. Lake trout in Koshlong Lake, in Glamorgan Township, should be restricted diets after they are 18 inches long. From 18 to 22 inches the Ministry advises that only .5 pounds be eaten per week. Fish 22 to 26 inches should only be consumed at .3 pounds per week and larger

lake trout from Koshlong Lake should not be eaten at all. Walleye in Paudash Lake, in Cardiff, have shown a level of mercury as well. People are advised to only eat .5 pounds of Walleye a week if the fish is 18 to 22 inches and .3 pounds if the fish is 22 to 26 inches in length. A comprehensive informa-

tion package on contaminants in fish in 167 Ontario waterbodies was released today by the Ontario Government. The package consists of a general information booklet, individual waterbody information cards for use by the public and a technical manual for use by professional personnel. The technical

manual will also be available to the general public through libraries and copies may be purchased at the Ontario Government Bookstore at \$5.00 per copy. In addition, signs will be posted at public access points on individual waterbodies where some species of fish are known to contain some

degree of contamination. Fish in many parts of the world have been affected by natural and industrial contaminants. Ontario, however, is a leader in identifying and restricting sources of contamination as well as in developing a public information program about the situation. Where the contamination

problem does exist in Ontario many species of fish are still safe to eat, some in limited quantities. In other cases, eating certain species should be avoided. Purpose of Ontario's fish contaminants information program is to present the most up-to-date facts developed from data assembled by the Ministries of Environ-

ment, Health, Labour and Natural Resources to enable anglers to assess the health risks of eating contaminated fish. Data in these reports includes all laboratory test results available up to May, 1977. Copies of the general information booklet and in-

dividual waterbody cards of the 167 lakes-rivers monitored to date, are available from regional and district offices of the Ministries of Natural Resources and Environment. The program is an ongoing one - with additional lakes and rivers being monitored now, and reports released when test results are completed.

20 cents

There was \$3,000 damage to this car when it went off Highway 121 west of Haliburton Village. The Minden detachment of the Ontario Provincial Police report that the vehicle was eastbound when it entered

the north ditch and rolled over. The driver was William Zarbobiak of Oshawa. He received minor injuries.

OPP investigate

20 vehicle crashes in week

Members of the Minden detachment of the Ontario Provincial Police investigated 20 motor vehicle collisions during the week of July 25 to 31.

A single car accident on Lutterworth Township Road, at 4:40 p.m. Sunday, resulted in major injuries to the driver of the vehicle and unknown

injuries to a passenger in the car. There was \$3,000 damage to the vehicle. The driver was Candace Rochford, 24, of Scarborough.

ough. Michael Heller, 25, was the passenger in the vehicle.

The Minden detachment report that a dog jumped from the rear seat of the car into the drivers lap. The vehicle then entered the south ditch of the road striking a tree.

Charges are pending. There was \$1,500 damage to a car driven by Irene MacDuff, 20, of Oshawa, in an accident Sunday.

The accident took place at 1 a.m. on Highway 503, north of Gooderham.

The OPP report that the vehicle was northbound and entered the east ditch and collided with a tree.

Charges are pending. William Zarbobiak, 20, of Oshawa, received minimal injuries when the car he was driving rolled over off of Highway 121, west of Haliburton Village.

The accident took place Sunday around noon hour. There was \$3,000 damage to the car.

Zarbobiak has been charged with careless driving.

An accident on Highway 519, north of Donald, has resulted in a Haliburton man being charged with careless driving.

The OPP report that a car driven by Wayne Ellison, 18, of Haliburton, rolled over in the west ditch of the highway. There was \$1,300 damage to the car. Ellison has been charged.

The accident took place at 4:20 a.m. Sunday.

Two people received minimal injuries and two minor injuries in a single car accident at 11:50 a.m. Saturday morning.

Larry Cross, 22, Michael Vipond, 14, Daniel Boden,

15, and Kenneth Bowman, 13, all of Hamilton, were injured in the accident.

The car was driven by Cross and the accident took place on Fleming Road in Monmouth Township.

The OPP report that the vehicle was eastbound when it entered the south ditch rolling over. Cross has been charged with failing to wear a seatbelt.

There was \$3,000 damage to the car.

Two Mississauga people were injured in a single vehicle accident early Saturday morning.

Gregory Franklin, 19, the driver of the vehicle, received major injuries and was taken to Lindsay Hospital and David Detwiler, 20, received minor injuries and was taken to Minden Hospital as the result of the accident.

The OPP report that the vehicle was northbound on Highway 35 near Carnarvon when it failed to negotiate a curve and struck a sign and entered the ditch rolling over.

Both men have been charged with failing to wear a seatbelt assembly.

A three vehicle crash Friday at 6:25 p.m. resulted in major injuries to two people.

Brent Newbatt, 8, of Haliburton, a passenger in a car driven by Douglas J. Moore, 34, of Haliburton and Edward J. Wilson, 34, of Ottawa, the driver of one of the cars received injuries in the accident.

The other vehicle was driven by William James, 41, of Willowdale.

The accident took place on Highway 530, east of Stan-

See page 7

Survey planned

Need for housing

The Ministry of Housing will conduct a survey to determine the need and demand for family housing in the Municipality of Dysart et al.

A research analyst will estimate the number of families living in the community whose housing is inadequate or who are

spending more than they can afford on accommodation.

The demand in the area for such Ontario Housing Corporation accommodation on a rent-geared-to-income basis will be determined from information which will be gathered through advertising direct mail questionnaires,

and applications on file with the local housing manager.

The study, which will begin soon, was requested by the Municipal council of the Municipality of Dysart et al.

It will include an assessment of economic trends, growth factors and current and future housing needs in the municipality.

The size of family housing units varies with community needs, but they can have as many as five bedrooms. Rents are based on gross family income and are independent of the number of bedrooms or types of housing provided.

Letters outlining O.H.C.'s family rental housing program will be mailed to a number of families, asking them if they wish to participate. If an interested family does not receive a questionnaire by mail, they may obtain one at the municipal offices.

After it receives the result of the survey, the municipality can initiate the development process by adopting a resolution asking O.H.C. to provide the required accommodation.

O.H.C. family rent-geared-to-income accommodation is erected at no capital cost to the municipality. The Federal Government through Central Mortgage and Housing Corporation lends O.H.C. 90 per cent of the capital cost and the province lends O.H.C. the balance. Both governments are repaid by O.H.C.

Two charged with theft

The Minden detachment of the Ontario Provincial Police has charged two men in connection with a break, enter and theft which took place July 26.

The OPP report that about \$2,500 in property, from Browndale Tall Pines Lodge, has been recovered.

Charged with break, enter and theft, and possession of stolen property, are John W. Hamilton, 18, of Peterbor-

ough, and Daniel A. Suter, 17, of Noelville. The two were

charged after a check of two hitchhikers.

Rotary Carnival underway today

The Haliburton Rotary Carnival starts today at 1 p.m. at the fairgrounds, with lots of activities to suit everyone.

There will be bands, floats, clowns, trophies, marching units, and a monster parade

beginning at 7 p.m.

Other features will include the world famous Carlsberg Championship team and wagon.

Admission to the midway is free.

\$20,000 damage in crash

There was \$20,000 damage in a single vehicle accident on County Road 14, east of Redstone Lake, Monday at noon.

A dump truck driven by Gruener Guenter, 31, of Willowdale, was southbound on a curve when it entered the east ditch and struck an embankment.

A bulldozer the truck was carrying fell out in the collision.

Guenter received minor injuries in the crash.

Police check 137 occurrences

The Minden detachment of the Ontario Provincial Police reported that there were 137 general occurrences and 20 motor vehicle collisions between July 25 and July 31.

There were nine break-ins reported, three compassionate messages delivered, six persons charged with liquor violations, two persons charged with impaired driving and 12 persons charged with boating violations.

Theft from community centre

The Minden detachment of the Ontario Provincial Police report that \$2,000 in equipment has been taken from the Harcourt Community Centre.

Stolen from the centre are speakers, microphone and guitars owned by Dwayne K. Thompson, 17, of Harcourt. Thompson lives beside the centre.

Police report that the building was entered through an unlocked window.

Scott looking into penitentiary for Victoria-Haliburton

A penitentiary for Victoria-Haliburton Riding?...It's a possibility but riding MP William Scott isn't holding his breath while he awaits commitment to that effect. A follow-up on an item in the July 20 edition of Hansard

(page-7828), reveals that efforts directed toward having a penitentiary located somewhere in the riding have been going on since last November.

On July 20, Mr. Scott failed

to get a question off the ground in the House of Commons when the speaker ruled it wasn't a question but a representation. According to the record, Mr. Scott asked the following question during the oral question period:

"Mr. Speaker, my question is for the solicitor general. In view of the fact that there is growing opposition to the proposed new federal penitentiary in the area of London East and Kent Essex, will the minister reassess submissions made to him in the past and give further consideration to the riding of Victoria-Haliburton as a possible location for such an institution?"

Mr. Speaker: "That seems to be a representation." And with that observation passed on to the next member.

It was learned that the whole process of trying to secure a penitentiary for Victoria-Haliburton Riding began last November.

Oshawa man is injured in crash near West Guilford

An Oshawa man received serious head injuries in a single car accident on County Road 7, two miles from West Guilford early Tuesday morning.

Ian Henry, 20, a passenger in a car driven by Rodney K. Sellers, 21, of Bowmanville, was taken to Peterborough

Civic Hospital. Sellers received minor injuries and was treated at Haliburton Hospital.

There was \$2,000 damage to the car.

The Minden detachment of the Ontario Provincial Police report that the car was northbound when it went into a ditch striking a driveway.

The Monmouth Arena fund has topped the \$30,000 mark. A donation last week of \$1,000 was received from the Wilberforce Legion. Making the presentation were Fred Oram, first vice president of the Legion, Jake Mathers, president of the Legion, Keith Tallman (accepting) Deputy Reeve of Monmouth and chairman of the recreation committee, and Walter Klapow, chairman of the Legion's Fiddle Contest. The cheque was profit from the fiddle contest.

MUNICIPALITY OF DYSART ET AL NOTICE

AUGUST 1 1977 Civic Holiday
has been moved to **SEPT. 19, 1977**

Wayne B. Wood, AMCT, JMC
Clerk-Administrator

Stanhope Council

JULY 6, 1977
Members present were
Reeve S.G. Nesbitt, Mr.
James Harrison, Deputy
Reeve, and Councillors John
Tomlinson, Elgin Stouffer,
and B. Napier Simpson, Jr.
Also, in attendance were
the following Mrs. Louise
Watson, Sec. t. Airport Com-
mittee; Mr. James McLean,
Air Haliburton Ltd.; Mr. John
Barclay, Recreation Com-
mittee, Mr. Alex Stevenson,

Library Committee, Mr.
James Moore, By-Law Offi-
cer, Mr. Bruce Cook, Road
Superintendent, Mr. D.
Campbell and Mr. A. Gbdin,
Ontario Hydro, Mr. Richard
Kinsman and Mr. Carl
Harrison, Stanhope Fire De-
partment and Representa-
tives from Kawartha Con-
servation Authority.
Moved by Elgin Stouffer
Seconded by John Tomlinson
Be it resolved the minutes

of the meeting held June 8,
1977 be adopted as circulat-
ed. Carried.
Moved by John Tomlinson
Seconded by Elgin Stouffer
Be it resolved that council
agrees to transfer the Airport
gasoline distribution to Air
Haliburton Ltd., as of July 7,
1977 subject to representa-
tives from both parties being
present to measure the
existing gallonage in the
tanks on this date. It is

Minden News

by Jeanne Sears

Sincere sympathy goes to
the families and friends of the
late Leslie Reynolds, Wallace
(Baldy) McKnight and Cecil
Irwin who passed away since
last week.

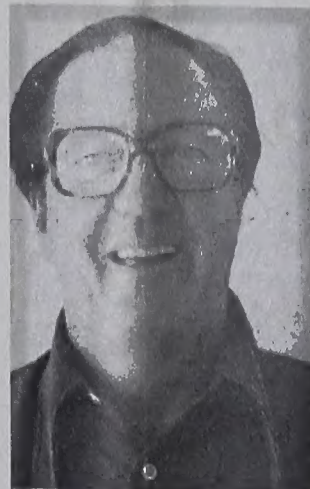

All their friends send good
wishes to these people in
hospital, Holly Stevens at
Haliburton, Bertha Hughes
at Ross Memorial, Mrs. Bert
Harrison (Boshkung) at St.
Joseph's, Peterborough, Jim
Hubley and Ernest Hewitt in
the local one.

Congratulations to Janie
and Bill O'Brien on the safe
arrival of their baby boy!

Mr. & Mrs. Jack Berry of
Scarborough visited Marg-
aret McCallum recently.

Newlyweds, Mr. & Mrs.
Jack Goldie, of Toronto,
visited Mrs. Leigh Harrison
last weekend.

Cindy White of Toronto
spent the weekend with Lisa
Bagshaw.

Harry Brohm

Movie shot
in county

Tyagi Films of Toronto
were in Haliburton filming a
movie last week and a couple
of local residents had the
opportunity to try out their
acting skills. Harry Brohm
played a doctor in one of the
scenes in the film called
Bridge of Love.

The John Bumister family
have been visiting her mother
Chris Lazier.

Weekend guest with his
parents Mr. and Mrs. Angus
Coulter was Gerald Coulter of
Toronto.

Don't forget Deckhands
Puppets coming to the
municipal building, Monday,
August 8, at 1 p.m.

We heard that Alice Cox of
the Kinnmount Road was
winner of the Barbados Trip
drawn for at Rotary Carnival.

Mr. & Mrs. J. Grogan
Smith of Lynden, and Mrs.
Florence Barton of Toronto,
were recent guests at the
home of Mrs. Verna Jarvis.

Winner of merchandise
prize at M.J.'s Factory Outlet
last week was Olga Gordon.

Many youngsters participated in the parade at the Minden Rotary Carnival. The parade ran through downtown to the community centre where the midway

and games were set up. The midway was outside and inside people had the opportunity to participate in games of chance and eat to their hearts content.

Games were part of the fun at the Minden Rotary Carnival. There was plenty for everyone to do last week in Minden with the carnival, parade, blues and

jazz festival and a rock and roll concert at the community centre. The carnival was held at the community centre.

Haliburton Highlights

by Creighton Feir

No swimming signs have been posted on the new bridge on Highland Street at the Drag River. Some people seem to think that it's still safe to swim in this area. The council have posted these signs for your own good. It is not safe to swim in this area or dive off the bridge. The water is too shallow and there's a strong current.

We are sorry to report that Frank Hodgson is a patient at the General Hospital in Toronto. Frank, who has not been in the best of health, has just recently had an operation and we hope that it won't be too long before he is back on the road to recovery.

Something that we just can't understand is the fact that every year the local council wait until the summer is nearly over and then they decide to cut the weeds in the village. This surely can't be that big a job and it should be done right at the start of the summer.

The old curling rink in Haliburton has been demolished to make room for a brand new one. Hyland Lumber tendered and have the material from the old arena and we understand that they will be using this lumber to build a warehouse and new show room.

All you girls in Haliburton County have the opportunity to enter the "Haliburton County Fair" Queen competition. All contestants must be between 17 and 22 years of age and tax paying residents of Haliburton County. The chosen Queen goes to the C.N.E. next year. Contestants must wear dresses (no slacks or jeans). The deadline for entries is Wednesday, August 10th, 1977. Cut out the entry form in the Haliburton County Fair supplement in this weeks copies of The Echo and Recorder.

Arrow TV & Communications (Radio Shack authorized Sales Centre) will have their 4th Expansion Sale and Grand Opening this Thursday, August 4th, from 10:00 a.m. to 10:00 p.m. The new location is in the former Red & White Store at Haliburton and the sale continues until Saturday, August 13th - until 6:00 p.m. Free gifts for the kids

accompanied by parents. This is your opportunity to come in and get acquainted and see the many beautiful products on display.

The Sunday evening open air church services being held each Sunday night at the Haliburton Ball Park are still drawing big crowds. They start at 7:00 p.m. and you can drive right in and sit in your car and enjoy the service.

It was gospel music at its best at the Lloyd Watson Memorial Centre at Wilberforce last Friday evening. Everything over costs was donated to the Monmouth Arena Fund which was a wonderful gesture.

It's just about time that some of these smart alecks and show offs who are water skiing were brought down a peg or two. On a recent visit to Silver Beach these boats hauling water skiers behind them were coming right in close where adults and children were swimming. If some action isn't taken soon, some swimmers are going to be killed or seriously injured.

Swimming classes at the Rotary Beach concluded for another year last week with a party and there was such a large turnout that parking space was at a premium.

Well one thing that we did find out, there are a lot of pizza lovers in Haliburton and surrounding area. Medley's Pizza opened up last week next to the Flour Shop Bakery on Victoria Street and they have been doing a booming business ever since they opened.

Work started last week on the clean up of the Drag River that runs through the Village of Haliburton. It will certainly look good and clean when the job is finished. We went down to see just what was in that river. Well, we found pop bottles, beer bottles, lumber, old tires, broken glass, cardboard or you name it and it's there.

Here in the Highlands of Haliburton we are blessed with beautiful lakes, rivers, streams, forests and beautiful countryside. But, the big question is how long are we going to keep it this way. It's up to us whether we want to keep it beautiful or throw litter all over the place and make it a real mess. How easy it is for all of us to throw papers, boxes and such on the street and roads or in the bush when in most cases litter containers are not too far away.

Joe Williams, an American blues singer was the headliner at the annual Canadian Blues and Jazz Festival last Saturday night at the Minden Community Centre. The jazz festival drew a large crowd.

Minden Rotary Carnival outstanding success

The Minden Rotary Carnival was an outstanding success with a number of people participating in the many events.

In the bed races the top team was Experience 77. Anderson Assets came second, passion pushers third and Peter Stribling and Onadaga Association fourth.

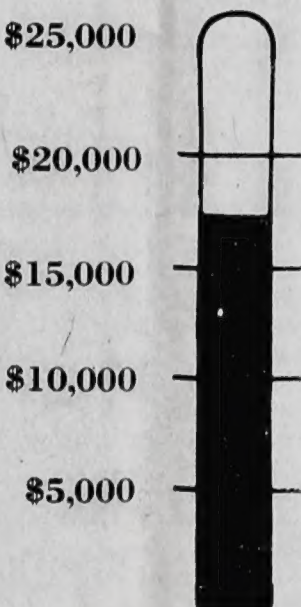

There were 51 entries in the carnival parade. The best overall float went to Hyland Crest Senior Citizens Home. The best commercial float was entered by Cox's Apparel.

The Minden Red Cross swimming program won the best group or camp float.

The best girls bicycle was entered by Lisa Bagshaw and Cindy White both of Minden.

The best boys bicycle award went to Shane Burch.

The spirit of the Highland float award went to the Minden Agricultural Society.

Recent donations to the Dysart Arena Fund have raised the total to \$17,730. Donations over the past week include \$5 from Les and Alice Hammond; \$50 from Drag Lake Property Owners; \$200 from Haliburton Lumber and \$50 from the Driftwood Restaurant. The funds goal is \$25,000. Donations may be sent to Box 382, Haliburton.

40 persons become citizens

Forty persons from Victoria, Peterborough and Haliburton Counties, representing 12 countries, became Canadian citizens during a citizenship ceremony at the Victoria County Court House, Lindsay.

Her Honor, Judge A. McKeown, reminded the new citizens that while they have the freedom of the country, they also have responsibilities.

Mrs. Norma Service of Lindsay, who was born in China, of Canadian parents, told the court, Lindsay and this whole area is very fortunate in having people from different countries settle here.

Mrs. Service suggested that they should cherish their traditions and cultures and pass them on to their children. She also said the new citizens probably feel sad because of their memories of another land, another people and another way of life but they must also feel very happy for the promise that the new country holds out for them.

Mrs. Service said their new country gives them freedom of speech and religion and freedom from want and fear.

"I presume that the majority move to this country for their children's sake. I hope they too will find that this is a wonderful country to bring up their children and that they keep it that way for their children."

Mrs. Service said she spoke in the capacity of a Canadian citizen who was born in China and returned to Canada after finishing high school and university in Canada to work with her husband Dr. William Service.

Victoria-Haliburton MP, Bill Scott, said in an interview from his Ottawa office that he

Ignore propaganda on Ontario's tourism

We agree with John Eakins, MPP Victoria-Haliburton, that an advertisement by the Miami Beach Tourist Development Authority was in bad taste when it referred to Ontario having "Mosquitoes the size of dive bombers" and "Hot and cold running poison ivy."

What we fail to see is what can be done about the situation. There is no doubt that at least in the spring, summer and fall, Miami Beach and Ontario are in competition. Ontario advertises for tourists from the United States and Miami Beach would like to have a few tourists from both Canada and the United States.

Ontario could launch an all out campaign to either counteract the Miami Beach argument or we could launch a campaign about the summer's heat in Florida. Both would be in bad taste, just as the Miami Beach campaign was.

What to do then? We would suggest that this type of tourist propaganda should be ignored. Those who are interested in Ontario and Canada will have the insight to find out what it is like themselves. There is no need for us to lower ourselves to their level.

11 per cent tax hike

Dysart et al taxpayers will be faced with an 11 per cent tax increase this year and the municipal council isn't using the out that it is the school board or county's fault.

The tax increase is due largely to the municipality, who found an increase of 9 per cent in the municipal levy. Areas that were increased though, appeared to be necessary.

Dysart, in comparison to many other municipalities in the area, and in relation to the size, population and tax levies, was due for an increase in the general government costs.

There was also an increase in expenditure for the roads department, but as usual, people keep demanding better and better road maintenance.

There is also the zoning bylaw, which although added about \$17,000 to the municipal budget, will in all likelihood save the municipality money as the years go on.

Yes, we needed the increase to keep the municipality running smoothly. What we can't figure out though is how the anti-inflation board and the federal government expects the working man to keep his annual increases within eight per cent when governments are finding it impossible to follow suit?

Half way mark of summer

We are now reaching the half way mark of the summer season, with another month to go. So far the weather has been ideal for vacationing and most of the visitors we have been talking with have enjoyed their holiday up to this point.

Some of the local merchants tell us that in their opinion there's not as many back this year while others claim that there's more tourists, but that they are spending as much money as they did in the past. The small items are going well, but the big items are going very slow.

Some of the tourist operators are crying the blues and some have not as yet been filled to capacity.

This all brings us back to the question of getting more business all year round. This means trying more and more to promote the winter business and at all times to be on the outlook for small industry.

Let's keep promoting the summer tourist industry, but let us keep in mind that we still need year round business or a solid economy.

How bad is pollution

How bad is mercury pollution and if it is a real danger then let's be honest about it?

We hear from some sources that mercury pollution is not a problem in a lake such as Koshlong. Then we get a report from the Ministry of the Environment which tells us never to eat lake trout over 26 inches long, from Koshlong Lake.

If Koshlong Lake has some danger for the people in regards to mercury pollution, then let's be honest about it. Why beat around the bush. The Ontario government, through the Ministry of Environment, is telling everyone what the problem is, and just recently released an information kit about mercury pollution.

We have no reason not to believe the Ministry's report until someone can give us substantial evidence against it.

It's been a hot summer and we thought we would cool things off by running this hockey photo. It shows the Wilberforce Hockey Team, winners of Glen Dart Trophy, around 1956.

Left to right: John Deterling, Bill Scott, Clayton

gill, Doug Hughey, Lyle Coumbs, John Mather, Wayne Cully, Reg Schofield (Coach), Jim Gilmour, Larry Godfrey, Bev Billings (partially hidden), Bryan Noble (goalie), Keith Gibbs, John Grozelle.

Feir Play

by Creighton Feir

Tonight's night (Wednesday, August 3rd) for the Haliburton Rotary Clubs Silver Jubilee Carnival with the highlights being their tremendous annual parade. Once again this year the Rotary Club are going all out to put on a monster parade that will be featuring three bands and possibly a fourth. The three bands which will be supplying the music will be the Haliburton Legion Pipe Band, the Ontario Provincial Police Band from Southern Ontario, and the Peterboro Drum and Bugle Corp. band. Also in the parade will be the Haliburton Majorettes, floats, clowns, marching units and decorated bicycles. Back by popular demand and also in this year's parade will be the Carlsberg Championship Team and Wagon. Now that you are reading this week's Echo, don't forget that it's not too late to get that float ready for tonight's parade. This year we would like to see a good representation from the local merchants and resort owners. The parade will be at 7:00 p.m. starting at the Rotary Beach. Following the parade there will be a midway and attractions, bingo, "Jubilee Pub" at the fairgrounds. As an added attraction the Labatt's Balloon will be in town. Tonight's the night to be in Haliburton for an evening of fun and frolic.

While talking to some of the members of the Minden Rotary Club they told us that one thing surprised them at their carnival held last week. The people just didn't seem to be in the eating mood. Hot dogs and hamburgers didn't sell as well as in previous years.

In last week's Echo we ran a photo of the Haliburton Citizens Band taken in 1930 at the CNR station on the occasion of the visit of the Governor General of that time. Howard Sutherland, of Haliburton, was interested in getting more information on the visit and went to the local library where he found a book written years ago "History of the County of Haliburton" written by R.H. Baker, the first publisher of The Echo. We quote a paragraph from the book. In 1930, on October 3rd, a third event, of a similar nature, was arranged and the people of the County had the pleasure of entertaining His Excellency Lord Willington, Governor General of Canada, who graciously attended as guest of honor. Here again the children presented the program, which was very much enjoyed by His Excellency and the many thousands of people who came from all parts of the county.

In former years the Rotary Club of Haliburton sponsored the annual Festicolor event held in September. This year the Rotary Club who are involved in the Summer and Winter Carnivals,

have had Festicolor over to the Kinsmen Club of Haliburton who are already making plans for a giant day and evening of entertainment.

Last week Louis O'Hara of Haliburton visited our home and left us some survey forms to fill out. This survey is being conducted to obtain information concerning the recreational habits, needs and interests of the people of the Municipality of Dysart. He will be calling at your home so please fill out this questionnaire. There are some very interesting questions and it only takes about ten minutes to complete the form. The objectives are:

- (1) To determine the current recreational habits and interests of the people of the municipality.
 - (2) To determine how existing facilities are being used and to determine community satisfaction with existing recreational opportunities. Existing opportunities and facilities can be improved through the attitudes and opinions expressed.
 - (3) To determine the recreational needs, interests and preferences of the people of the municipality.
- The expressed wishes of the community will provide information for the development of additional recreational opportunities (activities, services, facilities). The information obtained will provide municipal officials and administrators with a better understanding of the recreational needs and interests of the people of the municipality. This will enable local administrators to take action and attempt to satisfy these needs and interests.

We can't understand why the playground equipment presently located at the fairgrounds is not moved down to the Rotary Beach. This is where the kids are, not the fairgrounds. In looking to the future, different people have mentioned the fact that a lifeguard should be on duty at the Rotary Beach. Let's see some action on both of these matters.

Now that the ball field is in excellent condition at the Haliburton Fairgrounds, and a new curling arena is being constructed, the old Scout Hall situated at the fairgrounds sticks out like a sore thumb. It should be torn down and with all the modern facilities we now have in the village, it shouldn't be too hard to find another location for the Scouts and Cubs.

Congratulations are in order once again to the good people of Wilberforce and surrounding area for coming up once again with a big and successful weekend for Country Good Times. Wilberforce is an active community with a progressive council and many citizens who dig in and really work to make it a thriving community.

Editor's Notebook

by Jim Badgley

I must be getting old? Sunday night I was out to the Stampede's Concert at the Minden Arena and I must admit came out a little bored.

I have heard the Stampede's live before, many years before to be a little more truthful. I heard the Stampede's back in the days when they were a second band out of Western Canada, behind the likes of Guess Who, who I can remember even before that as Chad Allen and the Expressions.

Stampede's are a tight rock and roll band, quite competent but not super by any means. Back in the middle 1960's there were 20 bands in Toronto who could play rock and roll as well or better than the Stampede's.

It makes one wonder if rock and roll in Canada isn't improving or if perhaps as one gets older he gets out of touch.

I think it is a little bit of both. In some cases rock and roll in Canada hasn't really improved. At one time everyone seemed to have a band. Back in the mid 60's the sheer number of bands meant that some of them had to be good.

Well in the 1970's everyone doesn't have a band

anymore. Only a few survived.

It is amazing though that the Canadian rock and rollers of the 1960's, those who survived, became the Canadian Stars of the 1970's.

Remember when Guess Who were known in Winnipeg and Toronto and not that popular in either place? Well the lead guitarist for the group, Roger Bachman, went on to fame with a group called Overdrive, and Guess Who made their own name. Stampede's were not the most popular band when they started back in those days, now they are headliners.

A few of the 1960's rock stars from Toronto got together to form a group called Lighthouse who set the world on fire in the early 1970's.

I must admit I must be getting old. Rock and roll is still great music but why do they play it so loud?

The warm-up band for the Stampede's concert played some rock and roll with a blues type of beat. It is too bad that a few of the people who were at the concert didn't take the time the night before to stop and see Joe Williams in Minden. He would have shown them what the blues really is.

As others see it

The Editor,
Haliburton County Echo:

Dear Sirs:

I am in accord with your editorial on water levels but you don't go far enough with it. People concerned should assert themselves and see to it there is better management.

Why should a few with luxury craft use what rightly belongs to the many people occupying the area? There should be less passage times through the locks, each opening of which uses great quantities of water.

The way through your village leaves much to be desired. Also, people walk the roads since the sidewalk is only a partial thing.

Then, we hear the blues song by the old operators. Only half full this year. No wonder considering the rates they charge for their antiquated accommodation. Let's have all season comfort and ski trails, open air rinks, toboggan slides - something for all the family at fair rates.

Meanwhile, your water levels have gone down rather than up. Guess we better look some other areas over.

Melanie Wilson
Toronto, Ont.

To the Editor:

We wish to express our appreciation to the Municipality of Dysart et al for their co-operation and support for our 1977 Haliburton Lake Regatta, through supplying ambulance service, tug-of-war rope, extra garbage containers and clean-up service.

Haliburton Lake Cottager's Association
Eileen H. Knight, Secretary.

Dear Editor:

I'd like to make mention of the Ingoldsby bridge that is between Kashagawigamog and Canning Lake. Most of the supposedly side supporting metal pipes, if still there, are either bent or dangling but surely not doing the job that they were placed there to do. I would like to note that the bridge looks like it's about to collapse and many people think it will. Furthermore, the bridge will barely accommodate one car, and as a result, cars are always waiting on one side for the cars on the other side to cross. When you have to wait you have to pull off to the side of the road which is especially difficult for cars on the Ingoldsby side because there is virtually nowhere to pull off to.

People don't consider waiting for access to the bridge as one of the things they enjoy doing. If the bridge was taken down and put up properly, our problems would be solved. There is enough traffic to warrant a better facility.

Regan MacDonald
South Kashagawigamog Road

A recent release from the Ministry of Education reveals that Education Minister, Thomas Wells, is still opposed to province-wide examinations in Ontario's school system as the sole means of promotion. But it is also evident that Wells and his associates are aware that some sort of uniform diagnosis of pupil strengths and weaknesses is needed in the province's schools.

A group of 13 - mostly teachers - was established last fall by Wells to consider evaluation and reporting methods. In their report this month, the group stated that province-wide standardized testing should form only one part of a broader program of student evaluation. It was further recommended that responsibility for the evaluation of student achievement should remain primarily with classroom teachers, but that considerable effort should be taken to improve the evaluation and testing skills of teachers throughout Ontario.

This latter recommendation is significant in that it points up the wide variety of opinions among teachers in Ontario concerning what education is, what should be expected of students and what teacher goals should be. While standardized testing across the province was proven to be an unreliable instrument to gauge what students had actually learned, the testing did require teachers to teach a standard course in a fairly standard way to obtain standard results.

Many educators today are concerned about the lack of common objectives in the schools. Without them, it is agreed by most teachers, students can be the unsuspecting victims of the cruellest trick of all...poor preparation for the tasks that lie ahead.

It is good to know that some of Wells' work group recommendations will be implemented soon, particularly the development of a bank of tests related to specific curriculum objectives which will be made available to teachers to help them assess student progress as it relates to the provincial scene. With this positive step forward, there is time to haggle for a while yet, about what is the best course of action to follow for the kids in school in Ontario.

This and That

BY JENNIFER WOODS

This summer we have been having quite a lot of company so I have been making pies - my style - for dessert. I make a pastry that is really fast and cake-like in its quality. And, the best part is it turns out every time.

Combine all ingredients above and blend butter very well until the texture is like that of small peas. Press this mixture into a pie dish and fill with your favorite filling. Garnish the pie with a butter, sugar and flour crumble.

CRUMBLE MIXTURE

1/2 cup flour
1/4 cup butter
1/4 cup brown sugar
(1 tsp. cinnamon if making an apple pie)

Blend together to form a coarse crumb-like mixture. Bake fruit pies for 40 minutes at 375 degrees F. This recipe can be used for refrigerator pies - just prebake the shell and then fill with other ingredients and garnish.

OPEN-FACED PEACH PIE

This is a Mennonite recipe from Kitchener, Ontario.

1 9-inch unbaked pie shell
3/4 cups sugar
1/4 cup flour
2 tbsp. butter
14 fresh peach halves or sliced
1/4 cup water
2 tbsp. lemon juice
1/8 tsp. almond flavor

PASTRY

1/2 cup butter or margarine
1 1/2 cups flour
1 egg
2 tsp. baking powder

1. Mix the sugar, flour and butter to coarse crumbs; sprinkle 1/2 in a 9-inch pastry-lined pan (unpricked). 2. Arrange the peaches in an attractive pattern, cut side down. 3. Combine the liquids; pour over the pie. 4. Cover with the rest of the crumbs. 5. Bake at 375 degrees F for 40-50 minutes.

COUNTY ECHO FAMILY

Annual Gull Lake Regatta

The annual regatta was held 30/31 July, 1977, at University Bay on Gull Lake. The event was well attended and enjoyed.

The Bedlington Trophy
For 16 and under, was won by Peggy Aziz. Edward Litwin and Cindy Murray were runners up. Mrs. Bedlington whose late husband L.H. Bedlington was a founder member of the Association, presented the cup.

The Duncan Sailing Trophy
Was won by Chris Sainsbury and Greg Killin in a "Fireball". Mr. W.A. Duncan, an elder member of the Association, was on hand to present the trophy.

The Minto Trophy
For open competition was won by Fred Coleman and closely contested. Mr. Bob Minto, who donated the trophy in memory of his family, presented it.

The Treadgold Trophy
For 12 and under, was won by Melanie Hare for the second successive year, winning five events. Scott Balfour and Mike Millard were second and third.

Individual Winners By Event

SWIMMING:
50 Yds. Girls/Ladies - 16 and under - Peggy Aziz, Melanie Hare. 12 and under - Melanie Hare.

50 yds. Boys/Mens - 16 and under - Greg Hare. 12 and under - Scott Balfour.

100 yds. Girls/Ladies - 16 and under - Melanie Hare. 12 and under - Melanie Hare.

100 yds. Boys/Mens - 16 and under - Mike Abel. 12 and under - not listed.

CANOE:
Singles Girls/Ladies - Open - Sheila Hutchison. 16 and under - Cindy Murray. 12 and under - Melanie Hare.

Singles Boys/Mens - Open - Mike Jewett. 16 and under - Ed Litwin. 12 and under - Mike Millard.

Crab Race Girls/Ladies - 16 and under - Peggy Aziz. 12 and under - Melanie Hare.

Crab Race Boys/Mens - 16 and under - Ed Litwin. 12 and under - Chris Seeley.

Gunwhale Race Girls/Ladies - 16 and under - Peggy Aziz. 12 and under - Melanie Hare.

Crab Race Boys/Mens - 16 and under - Ed Litwin. 12 and under - Chris Seeley.

Gunwhale Race Girls/Ladies - 16 and under - Peggy Aziz. 12 and under - Melanie Hare.

Gunwhale Race Boys/Mens - 16 and under - Ed Litwin. 12 and under - Scott Balfour.

Doubles - Ladies - Sheila Hutchison, Dorothy Killin.
Doubles Mens - Fred Coleman, Ron Murdoch.

Doubles Mixed - May & Brian

Agricultural happenings

Thurs., July 28th, 8 p.m. - Emily 4-H Pony Club will meet.
Sun., July 31st - Kawartha Junior Farmers will play baseball at Ops.
Wed., Aug. 3rd - Deadline for applications to Peterborough 4-H Junior Day at Peterborough Exhibition.
Thurs., Aug. 4th, 8 p.m. - Fenelon Falls 4-H Calf Club will meet at home of Garry Lean, Powles Corners.
Thurs., Aug. 4th - Kawartha Junior Farmers meet at Ops Center to play ball hockey.

Citizens

from page 3
was pleased the citizenship court was held in Victoria County for the first time in a long time. It is usually held in Peterborough.
He said he will be requesting Secretary of State, John Roberts, to arrange for alternating the citizenship court between Peterborough and Lindsay on a regular basis.

Barrett. 16 and under - Peggy Aziz, Dave Dankiw. 12 and under - Melanie Hare, Brent Murdoch.

Mixed in-and-out - 16 and under - Cindy Murray, Peter Selwyn.

War Canoe - Elsie & Fred Coleman, Marnie Hare, Ron Murdoch.

SWIMMING:

Girls - 8 and under - Meg Hutchison. 9-10 - Joanna Sainsbury.

Boys - 9-10 - Sean Seeley.

RUNNING:

6 and under - Danny Williams. 8 and under - Alex

Litwin. 9-10 - Chris Sharpe.

GRANDFATHERS' EVENT - Bill Duncan.

GRANDMOTHERS' EVENT - Mrs. Dorothy Williams

THE MAISONNEUVE TROPHIES - FOR WATER SKIING EVENTS - HELD JULY 31, 1977:

Slalom - Boys - 1st Mike Maisonneuve, 2nd Greg Hare 3rd Tony Fischer.

Mens - 1st Bob Corbett, 2nd Brad Bell, 3rd Lee Colby.

Tricking - 1st Brad Bell, 2nd John Bickle, 3rd Lee Colby.

Individual Overall Placings - 1st Brad Bell, 2nd Lee Colby, 3rd John Bickle.

Spice Advice
Many people today are advised to cut back on their salt and sugar consumption. This does not mean that they have to settle for bland foods. Ease the transition with spices! Sodium watchers should avoid dried parsley and celery flakes, but there are many other spices to accent a dish. Use them with imagination - taste and test, then taste again - but begin moderately, because it's impossible to remedy too much seasoning in a dish.
Here are some suggestions for spicing up rice:
Turkish Pilaf: rice cooked in beef broth and spiced with cinnamon, allspice, mace, cloves, black pepper, garnished with currants and almonds or other nuts.
Italian Risotto: rice cooked in bouillon and seasoned with onion flakes, saffron and black pepper. White wine and grated Parmesan cheese add an Italian accent.
Browned Rice: rice cooked in unsalted margarine then boiled with chopped onion and sage.
As a side dish, add to cooked rice: golden-browned mushrooms and chopped almonds or sesame seeds.

NOTHING ELSE CAN INSULATE YOUR WALLS (Brick, Aluminum, etc.) AND HOME AS WELL AS RAPCO FOAM. Injected as a foam, it fills every nook and cranny in your walls with a barrier against cold and drafts in the winter heat in the summer.

- Best 'R' value in the home market
- Non expanding
- Does not settle
- Pest repellent
- Fire resistant (will not ignite to 1208 Degrees F.)
- Cuts air conditioning costs
- Non Toxic
- Up to 92 per cent sound absorption

HIGHLAND CONSTRUCTION

INFORMATION OR FREE ESTIMATE **457-1888** R.R. 2, HALIBURTON

Glen Numbers, a property owner on Drag Lake, attempts to drive a nail in with as few swings as possible. This was one of the many contests at the Drag Lake Property Owners' Social held Saturday at Haliburton Lodge.

Drag Lake residents first annual social

Drag Lake Property Owners' Association held their first annual social at Haliburton Lodge on Saturday, July 30th. It was well attended with approximately 250 enthusiastic residents and guests.

Winners of the Egg & Spoon race - 5-8 yrs. were Julie Moeser, Heather O'Hallaran and Martin Trahan. 9-12 yrs. Brian Jewson,

Richard Mulford. Teens Mike Murphy, Rob Young & Rick Holland.

Ladies Egg Toss - Donna Leighton and Brenda Raymon. Men's Egg Toss - Brian Wood and Terry Rutledge. Couples Egg Toss Patti & Tom Werry. Teens Egg Toss Rob Young and Mike Murphy. 6-12 Amy Blanchard and Julie Moeser. Preschool-

lers Krestin Booth and Sarah Rimmington.

Nail Driving Contest - Men Bob Leighton, Women - Terry Richardson.

Dominion Hardware donated candies, Brohm's Variety donated prizes and George and Carla Landsperger helped with the food preparation.

Pony rides were available to the youngsters thanks to the Landspergers.

Joe Breglia was in charge of the nail driving contest and the recreation committee is Dick Holland, Terry Richardson, Marion Rimmington, Gord Wood and Wayne Hussey.

Prison

from page 1

Acting on this information, Mr. Scott informed Solicitor General Francis Fox that if the plan for Uxbridge was rejected, he would like to have Victoria-Haliburton considered. This was supported by a letter from the Municipality of Dysart, et al, saying it had an interest in accommodating such a prison and later by the Townships of Anson, Hinton and Minden, also expressing interest.

Mr. Fox later informed Mr. Scott the proper authorities had been advised of the member's representations and the director of penitentiaries requested to consider Victoria-Haliburton as a possible penitentiary site.

Since there had been no further developments, but after reading another newspaper item wherein it was stated that London East and Kent Essex were reportedly not interested in having a penitentiary locate there, Mr. Scott decided to raise the question again. It was then that the speaker ruled this was one "question" that wasn't a question but a "representation."

Mr. Wunker said he understood a penitentiary of the size believed to be under consideration would possibly involve a payroll of between \$3.4 million.

In the meantime, the Victoria-Haliburton members representations are on record, the solicitor-general is aware of them and so is the director of penitentiaries. Whether or not Mr. Scott will have to scan the newspapers to learn the answer to his "representations" is now the unanswered question.

News from Extendicare

Well, this is Tuesday and we seem to have had no mountain top experiences of late. Life has been going on just about the way you would expect.

Thrills and mountain top experiences may be alright but they only happen once in a blue moon and sometimes even that is too often. It's hard to come back to the nitty gritty of everyday life after such an experience and yet it is the extent in which we learn to adjust to the ongoing situations in life that serenity and peace of mind can be ours.

To make these adjustments we require an awareness of what is happening. A sensitiveness to the expression of need of others and the courage and ability to make the right response. It is the way we handle the little - 101 incidents that happen today, that makes life worthwhile. The Art of Living - of hitting it off on all eight cylinders, is still the greatest art of the world.

Bingo continues to be popular. Wednesday we took a bus ride to West Guilford and had a picnic lunch. Our host and hostess were Mr. & Mrs. Tipton. Their lovely home and beautiful garden made a great setting for the affair. We enjoyed the many flowers and the rather tame ducks. I'm surprised that many handicapped people go

on these trips. I suppose it is the change that appeals to them. Mrs. Miriam Lewis, our Activity Director, was in charge.

Mrs. Myrtle Johnson we are happy to say has returned from Peterborough where she recently underwent an operation. Her many friends here wish her a complete recovery. We are happy to report that Bill Findlay has returned from hospital also and wish him a speedy recovery.

We are interested in the Rotary Parade on August 3rd and hope to participate.

The games and sitting up exercises held regularly help to keep us in shape.

Mrs. Mary Currah recently returned from family reunion of the Lindsays and Crowells. They met near Ashburn, 180 strong and had a great celebration. Their forefathers came to Canada 100 years ago.

Our Birthday Party for the month was held on Thursday afternoon of the 28th. Those being honored were: Jake Gill, Charles Welch, Elizabeth McIntosh, Ada Pacey, Arnold Varty, and Berkeley Fair. The program was made up of songs and skits put on by Kimmi Eade, Patti Eade, Andrea Johnson and Viola Tyler, and, of course, a nice birthday cake. Mrs. Betty Salvatori officiated at the piano for our sing-song in her usual competent manner. Mr. Carl Bohne ended the program with a medley of popular tunes on the piano.

Our devotional period, on Friday, was led by the Rev. Donald Nicholson of the Haliburton United Church. His theme was the Importance of Friendship. He said we can all find friends who are in need of our help.

GET HAPPINESS FROM LIFE AND PASS IT ON.

Motor vehicle collisions

from page 1

hope 25th line.

There was \$1,000 damage to the James vehicle, \$1,500 to the Moore vehicle and \$2,000 to the Wilson vehicle.

The OPP report that the James vehicle was eastbound on a curve, followed by the Moore vehicle. The Wilson vehicle was westbound when the accident took place.

Four people were injured and there was a total of \$14,000 in damages in a two vehicle accident which took place Friday afternoon.

Michael A. Darrah, 21, of R.R. 2, Bowmanville, and Lorie Legros, 18, received major injuries in the accident and David James Watts, 16, of Scarborough, and John W. Watts, 54, received minor injuries.

The younger Watts and Darrah were the drivers of the vehicles.

The accident took place on Highway 530 east of the Stanhope 25th line.

The OPP report that the

Watts vehicle was eastbound and the Darrah vehicle was westbound when they collided on a curve.

William May, 24, of Don Mills, was taken to Haliburton Hospital with minor injuries as the result of an accident on Highway 121, west of Kashagawigamog Lake Road.

There was \$3,000 damage to the car when it went into the south ditch and rolled over. The accident took place Thursday at 11:50 p.m.

Two persons were injured in a single car accident on Highway 121 east of Highway 648 junction when the car they were in entered the south ditch and struck some rocks.

Lorne Johnston, 50, of Ajax, the driver of the vehicle, and Kevin Johnston, 9, of Ajax, received minor injuries and were taken to Haliburton Hospital.

The accident took place Thursday at 3:30 p.m.

TO OUR VALUED CUSTOMERS

In order to control the cost of parts, accessories and repairs for automobiles and trucks to you our customers, the Garage Operators in the area have agreed on a new policy.

We cannot afford to extend credit for automobile and truck repairs or for parts, fuel, tire, etc. purchases. We know we can count on your co-operation in this matter. The decision was made only after much thought and discussion.

Please help us give you better service and avoid mutual embarrassment by being prepared to pay for your parts and accessory purchases at the time of purchase and your vehicle repairs before your car or truck leaves our premises.

Payment can be made by Cash, Certified cheque, Chargex, Master Charge or Oil Company Credit Cards where applicable.

Kristen Booth, 5, of Oakville, the daughter of Mr. & Mrs. Bill Booth, seems to be looking in the wrong direction to catch the egg that has been thrown her way. Kristen was one of the many participants in the first annual Drag Lake Property Owners' Social.

Scott Cook, 15, of Niagara Falls, shows off this five and a half pound Largemouth Bass he caught in Head Lake last week. Scott was using a Repalla and four pound test.

Ministry employing 242 junior rangers

The Ministry of Natural Resources is currently employing 242 Junior Rangers in nine camps throughout Al-

gonquin Region during the 1977 operating season.

Report from Queen's Park

BY MPP JOHN EAKINS

It is generally agreed that an overall energy strategy for Ontario is vital to each one of us - and especially to future generations. Estimates may vary as to exactly when the energy crunch will come, but experts believe that within a very few years Ontario will be unable to meet its needs with domestic oil.

The Arab oil embargo and the natural gas shortage in the Eastern United States last winter showed all too clearly that the lifestyle which we have enjoyed for years must change. We cannot continue to squander our energy resources.

Clearly industrial and domestic consumers can anticipate that prices will continue to rise. It would seem to be almost impossible to resist the inevitable climb to world prices. A short-sighted approach to this matter can endanger jobs and threaten the competitiveness of Ontario's economy. Without preparation and planning, a shift to world oil prices will have a particularly severe impact on industrialized Ontario.

The energy policies of this province need new direction if we are to have any chance of overcoming the serious energy supply and cost problems which face us. Ontario Hydro is virtually out of control. In January, 1976, rates went up 22 per cent; in January, 1977 they rose a further 30.3 per cent; and next year's projected increase is another 11.3 per cent.

Since 1971, Ontario Hydro's budget has tripled, and its long-term debt is up by 153 per cent. Hydro's average rate to residential users has shot up by 81.5 per cent over the last six years.

We, in the Liberal Party, believe that the Hydro rate structure should be changed. The present system actually encourages high energy consumption by lowering the unit rate charged as consumption rises. If the rate structure were to be reversed, this would encourage energy conservation. The modest consumer would pay less, which is particularly important for people on low or fixed incomes. Residential consumers would have a strong financial incentive to reduce high consumption rates and undertake essential conservation measures.

Last year, Liberal MPP Eddie Sargent, introduced a Private Member's Bill to amend the Power Corporation Act, establishing a minimum basic charge for electric power supplied to residential premises. Such a "lifeline rate" for basic family electricity needs would cover hydro used for lighting, refrigeration, and so on. People using reasonable amounts of electricity would have comparatively low hydro bills. Those who use more than the minimum amount would pay progressively more as consumption increases.

California and Maine have already adopted this concept of a minimum basic user charge for residential customers, and New York is considering similar legislation.

Already skyrocketing energy costs cut deeply into Ontario homeowner's budgets. About 20 per cent of the province's total energy consumption is used to heat homes, and for the vast majority of homeowners, growing energy costs have far out-paced wage increases. For young people just embarking upon home ownership, and for senior citizens struggling to maintain their homes, rising costs have represented particularly serious financial burdens.

One of the best methods of effecting a reduction in energy costs is to improve home insulation. It is for this reason that we proposed, during the recent election campaign, the initiation of a province-wide programme of home insulation to bring every single family dwelling in Ontario up to modern insulation standards within a period of seven years. It has been estimated by experts that the cost of such insulation would be fully recovered - even assuming no further energy price increases - in 5 to 7 years. This measure alone would save 36 per cent of our residential heating bills - more than \$412 million annually.

A further benefit of such an insulation programme is that it is labor intensive. Some 150,000 man years of work would be created, at about the \$15,000 a year level.

At present, the Ontario Building Code is silent with respect to energy efficiency requirements of heating, plumbing and air-conditioning equipment. Some form of Energy Conservation Code could be enacted, setting minimum standards for new buildings and reasonable targets for existing structures. Possibly some form of certification could be devised - to recognize homes of high energy efficiency - in insulation, heating and appliances. This type of certification could be an important factor in buying and selling homes.

Consideration must be given to new sources of energy supply, and I will have more to say about this in my next report.

See you next week.

The nine camps are located in the districts of Algonquin Park (60 students in two camps), Bancroft (32 students in one camp), Bracebridge (54 students in two camps), Parry Sound (48 students in two camps), Pembroke (24 students in one camp), and The Leslie M. Frost Natural Resources Centre, near Dorset, Ontario (24 students in one camp). The last two camps listed are operating for the first season, and the latter one is still under construction with major assistance from the Junior Rangers themselves.

The objective of Ontario's Junior Ranger Programme is to provide the youth of Ontario with an opportunity to gain firsthand insight into the management of our natural resources through combined working and learning experiences.

Beginning in 1944, the Ontario Junior Ranger Program now employs upwards of 1900 seventeen year old male and female students in 72 camps throughout the province. Male and female rangers are housed in separate camps averaging 24 students per camp, in all areas of the province. Every attempt is made to employ southern students in the north and northern students in the south.

The most fortunate Junior Rangers, perhaps, could be the 24 charter members of the Ministry's brand new Moose Lake Camp in Minden District. Here, the two dozen candidates are building the camp largely themselves under the watchful supervision of construction superintendent Ken Hone of Dorset, Ontario.

Moose Lake Junior Ranger Camp is the 72nd such camp in the province and is located seven miles south of Dorset, Ontario within the 58,000 acre L.M. Frost Natural Resources Centre in the Ministry's Minden District.

Substantial economies have been effected through use of government owned natural resources. Most of the structural materials, for instance, were obtained from within the Minden District, with the red pine logs supplied from the Victoria County Forest. The remaining white pine lumber was cut by ministry personnel on Crown Land and sawn to size in a full scale ministry demonstration sawmill located within the Leslie M. Frost Natural Resource Centre. Access roads were constructed using gravel from ministry pits, and planking for docks, foot bridges, and tent platforms comes from Crown timber harvested on Crown Lands.

The major portion of the capital costs, therefore, went toward the purchase of concrete, nails, and other specialty building materials and fixtures.

According to George Hamilton, Director of the L.M. Frost Natural Resource Centre, the new Moose Lake Camp is unique for two major reasons. Firstly, the names of the two dozen charter members of this newest Junior Ranger Camp will have the honor of etching their own signatures onto a plaque to be mounted on the very timbers of a camp they built themselves! Secondly, having a Junior Ranger Camp within the confines of the L.M. Frost Natural Resources Centre represents another of the vital elements within the complex itself necessary to demonstrate to the people of Ontario the principle of integrated resource management.

"Simply stated," concludes Mr. Hamilton, "the aim of the Frost Centre is to show us in miniature, that managed wisely, the lands and waters of Ontario can support concurrently the dual role of providing opportunities for outdoor recreation while at the same time allowing for resource development for the continuous social and economic benefit for the people of Ontario."

Mr. Hamilton feels he has succeeded! And so have the majority of the thousands of adults and children he and his

staff have conducted through the "Frost Centre" during the past three years of development.

If sufficient progress on camp construction is made this summer, an official opening of the Moose Lake Junior Ranger Camp may be held sometime later this Fall. This would be an ideal opportunity for the public to tour a Junior Ranger Camp relatively close to populous urban centres, and to witness first-hand the accomplishment of a segment of Ontario's youth.

\$353,000 allocated for works program

Victoria-Haliburton MP, William (Bill) Scott announced Friday he was pleased to

learn that the riding has been allocated \$353,000 to be used under Phase 2 of the Canada Works Program.

Out of a total \$225 million earmarked by the federal government for Phase 2 of the program, Quebec will get \$84.6 million, Ontario \$22.8 million, Prince Edward Island \$4.8 million, Nova Scotia \$15.7 million, New Brunswick \$22.5 million, Manitoba \$9.8 million, Saskatchewan \$9.1 million, Alberta \$4.6 million and British Columbia \$19.9 million.

The MP urged all interested organizations to contact the Peterborough Office of the Department of Manpower and Immigration for further information and application forms.

Mr. Scott said the cut-off date for application in the second phase is August 26 and the third phase will be commenced in February, 1978.

Ski buoys posted by Ministry of Natural Resources

Ski buoys on Grass Lake have been posted by the Ministry of Natural Resources indicating that they cannot be used.

Jim Dewey of the Ministry told The Echo that there had been complaints about the course on the lake.

He said that the Ministry had an order from last year giving them the okay to remove structures from the lake.

ATTENTION: WELL, RIVER AND LAKE WATER USERS...

YOUR DRINKING WATER MAY BE UNSAFE.

The Ontario Government says: "Even without human intervention the water of a lake or stream is unavoidably exposed to contamination at any time. Surface runoff can pick up fertilizer and wash over animal droppings (or carcasses) on its way to the lake, and birds are not dainty in their habits."

"...lake water should not be used for drinking without prior treatment. Even if you test the water and find it free of bacteria, the results tell you only that the sample (you took)... was pure."

THE SUPER STERASYL WATER PURIFIER GIVES CLEAN, PURE, SAFE DRINKING WATER FOR UNDER \$70.

- Silver-impregnated ceramic cartridge traps and kills bacteria and filters other microscopic particles.
- Activated carbon removes most bad tastes and odours.
- Simple do-it-yourself installation - no pipe-cutting or soldering.

FAMILY RENTAL HOUSING

- IF YOU HAVE ONE OR MORE CHILDREN
- IF YOUR PRESENT ACCOMMODATION IS INADEQUATE
- IF YOUR INCOME IS MODEST

THIS IS OF INTEREST TO YOU!

Your Municipal Council has asked the Ontario Ministry of Housing to determine the need for new rent-geared-to-income housing for families in your community. If there is a need, rent-geared-to-income accommodation will be developed by the Ontario Housing Corporation at the request of your Municipal Council.

Questionnaires are being distributed to tenant families as part of a survey to determine the interest in this type of housing.

ONLY BY COMPLETING A QUESTIONNAIRE CAN YOU HELP TO DETERMINE WHETHER THERE IS A DEMAND FOR RENT-GEARED-TO-INCOME ACCOMMODATION FOR FAMILIES.

For families interested in renting an Ontario Housing unit, additional information and questionnaires may be obtained from:

Maple Lake News

by Ada Gibbs

Mrs. Barnes Sr., of Oshawa, visited at the home of her son, Syd Barnes of Carnarvon for two weeks in July.

Those citizens who can remember the days when St. Andrews, West Guilford, and St. Stephens, Boshkung, formed a parish together with St. Peter's Church, will also remember that the big white house at the end of the bridge over Maple River (Stan Dawson's house) was erected to be a home for a resident minister.

One of the several ministers who had charge of this parish was the Rev. Vince R. Browne who, with his wife and two sons, lived in the Maple Lake rectory. Friends of the Brownes will be sorry to learn of the death of Rev. Browne in Albion, New York. Sympathy of the community is extended to Mrs. Browne and her sons.

We understand that Stanhope Library activities are in full swing now. Book exchanges are booming, movies are well attended on Tuesday evenings and the Story Hours, 10 a.m. to 11 a.m. Thursdays, which Susan Redner is in charge of, are being thoroughly enjoyed by the preschoolers. Latest report from Isabelle is that books exchanged during July were well over the 2,000 mark.

Those who attended and enjoyed the Puppet Show in the Stanhope Library last summer, will be interested to know that the same people, The Deckhands Puppet Theatre, will be presenting another puppet show in the Library, Wednesday, August 10th, at 3 p.m. Everyone is welcome to attend. Do come and bring the children.

Mrs. S. Barnes of Carnarvon had as a guest last week Mrs. Lois Ross of Guelph.

Some of our local people attended the Fiddlers and Stepdancers Contest held in Bobcaygeon last Saturday. They report an enjoyable form of entertainment, well worth seeing.

See page 14

Gary Agnew, Reeve of Monmouth and Keith Tallman, Deputy Reeve, look over the construction site of the arena. The Monmouth Arena had to be taken

down and a new one is being built through donations and Wintario and Ministry of Culture and Recreation funding.

Bessie Crofts, the librarian at the Monmouth Library and Winnie Schofield, stand beside part of the Silver Jubilee display at the library. The display was put up

as part of the Country Good Times held two weeks ago. Also helping the two women put up the display was Donna Herbert.

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE CORPORATION OF THE UNITED TOWNSHIPS OF "DYSART ET AL" TO CLOSE PART OF THE ORIGINAL ALLOWANCE FOR ROAD BETWEEN LOTS 25 & 26, ACROSS PART OF CON. 13, IN THE TOWNSHIP OF GUILFORD, AND CONVEY THE SAME TO THE ADJOINING LOT OWNER

NOTICE IS HEREBY GIVEN, pursuant to Chapter 284, Section 443 of The Municipal Act, that the Township Council of the Municipality of Dysart et al proposes to consider and, if deemed advisable to pass at its regular meeting to be held in the Council Chambers, Haliburton, Ontario on the 8th day of August 1977, a by-law to stop up and close the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Guilford, in the Provisional County of Haliburton, and being composed of part of the original allowance for road between Lots 25 and 26 across part of Concession 13 in the said Township, and being a strip of land 66 feet in perpendicular width, the centre line of which may be more particularly described as follows:

COMMENCING at a point on the original south shore of the Pelaw River where the same is intersected by the centre line of road allowance between Lots 25 and 26 at a point distant 285.12 feet measured southerly thereon from its point of intersection with the centre line of road allowance between the Townships of Guilford and Havelock;

THENCE continuing southerly along the aforesaid centre line of road allowance between Lots 25 and 26, a distance of 960 feet more or less to a point where the same intersects the inner limit of the original allowance for road along the west shore of Pelaw Lake.

AND WHICH said portion of road allowance to be hereby closed is further illustrated, shown in heavy outline, on a sketch drawn by H.C. Bishop, O.L.S., dated April 27, 1977, and hereunto attached.

DATED AT HALIBURTON, Ontario this 11th day of July, 1977.

have "wall to wall tourists." It would appear that there is still lots of room for everyone to have an enjoyable holiday, but accommodations are pretty well strained to the limit at the moment. Too bad it's for such a short period of time.

Advance bookings, or lack of them, had many operators nervous this year, but if August holds up it appears that business will be relatively good this summer. For some reason many visitors are not booking ahead this season, and are just taking their chances on finding something that will suit them. For this reason it has made this the busiest year ever for our "Welcome Centres" and makes it doubly important that all operators keep our staff informed on openings that are available. It has been extremely difficult for the girls to keep up to date when things are changing so rapidly.

We were back up on Highway 60, near Algonquin Park, again last week and are pleased to welcome two new members from that area to our Chamber. Joe and Edith McAllister operate the Curv Inn just west of the entrance to the park. They have a large, well-stocked store, along with an attractive motel and a tent and trailer park. A large portion of their business involves canoe rentals and they carry about 50 in stock for this purpose.

Just inside the county border on Highway 60 is the Oxtongue River Travel Park, owned and operated by Glen

FOREST FIRE QUIZ #4

How much do you really know about forest fires?

Statistics show that we don't know as much as we think we do, because every year people continue to be a major cause of forest fires throughout Ontario. Test your knowledge of the causes, cures and costs of forest fires. Read the questions below and tick the answer you think is correct. When you're finished, check your answers against the right ones and see how much you really know.

- The four main sources of man-caused forest fires in Ontario are: smoking materials, campfires, children playing with matches and debris burning.
(a) True (b) False
- The Fire Season in Ontario lasts from:
(a) May 1st to June 15th (b) April 1st to October 31st
(c) March 15th to November 30th
- During the fire season in Ontario, from April 1st to October 31st, you must obtain a fire permit before setting a fire for any reason other than cooking or warmth. How much does a fire permit cost?
(a) \$2.50 (b) \$5.00 (c) No charge
- No person shall throw or drop a lighted match, cigarette, cigar or other smoking material, live coals or hot ashes during the fire season in or within:
(a) 15 feet of a forest or woodland
(b) 1,000 feet of a forest or woodland
(c) 500 feet of a forest or woodland
- In a restricted fire zone it is illegal to have a campfire, even though it has rained heavily the day before.
(a) True (b) False
- If you leave a fire unattended you may:
(a) cause a forest fire
(b) be charged under The Forest Fires Prevention Act
(c) both of the above

ANSWERS
(1) (a) (2) (b) (3) (b) (4) (a) (5) (a) (6) (c)

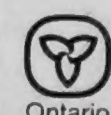

Ratings: Six correct — you sure know your stuff
Four correct — above average
Less than four — you can pick up a copy of The Forest Fires

Prevention Act from your nearest Ministry Office.

Elaboration on any of the answers given here is available from any office of the Ministry of Natural Resources.

This is the fourth in a series of four quizzes developed to increase public awareness of the forest fire problem in Ontario. Look for the others in recent editions of this paper, or get all four together in one folder from your nearest Ministry Office.

This year, let's not set the woods on fire.

Gems of Truth

God's Way of Salvation
Cont'd from last week:

Just as truly as there is only "one" way of salvation, there is also only "one" method of salvation. That method is alone through faith in Jesus Christ. Acts 10:43, 13:38, 39, 16:31, Ephesians 2:8.

The word "faith" or "believe" stands in sharp contrast with the word "do" or "works" which smacks of human merit or human effort. The teaching of faith in

Christ sets aside culture, good works, good character building, reformation, religion and all ritualism. In fact, it is the very opposite of human effort or human merit in every possible sense of the word. The word "believe" in respect to the Gospel and salvation, casts the sinner utterly and wholly upon the work and merit of the Lord Jesus Christ. Neither works or human merit have any part or place in faith or believing on the Lord Jesus Christ, so far as attainment of salvation is concerned.

All this may again be declared too narrow and sweeping, but again, it is Scripture that is the final word about the matter. The uniform testimony of the New Testament Scriptures is that eternal life and salvation are obtained through faith in the Lord Jesus Christ and not through works or human merit. A long line of Scripture confirms this fact and cannot be gainsayed. John 1:12-13, 3:14-16, 6:40, 47, 20:31, Acts 13:39, Romans 1:16, 3:22, 4:5, 10:4-9, 1 Corinthians 1:21, Galatians 3:26, Ephesians 2:8, 1 John 5:1-13.

The message of the true Gospel is a message of faith in a "living" Person, and that One is no other than the Lord Jesus who had died in the sinner's stead at Calvary. Salvation is not obtained by accepting a creed, but through faith in a Person - even the lowly Jesus. In this whole matter we need to be very definite and clear lest we be deceived. Just what does it mean to believe on the Lord Jesus Christ? The word "believe" has in it the meaning of "to roll on," to lean on, to trust in. The Lord Jesus Christ must ever be the object of saving faith, and to believe on Him is to cast one's self upon Him in utter dependence. Faith in the Lord Jesus Christ is receiving Him and committing one's self to Him. John 1:12, 11 Timothy 1:12.

We need to note that believing on the Lord Jesus does not mean to believe in Him simply as an "historical character." Neither does it mean to accept Him as the best man that ever lived, or the greatest teacher, a mighty prophet and miracle worker and an unerring guide. These aforementioned credentials are the teaching of modern day teachers and are loudly proclaimed and spread abroad, but to believe in this type of Saviour is not only erroneous, but also fatal.

One may also believe Jesus to be the Saviour of the world in a general and universal sense, and believe all the historical records concerning His birth, life and death, resurrection, ascension, and living in Glory, and still not be saved. One could starve to death at a table laden with food. The food must be eaten and digested to do us any good. Thus, to "believe" on the Lord Jesus Christ is to personally and individually lean on Him and trust Him as the One who took "our" place on the Cross and now lives in Glory, our Sin-Bearer and our Surety. Isaiah 53:4-6, Romans 4:25, 5:8, 1 Cor. 1:30.

Such words of assurance as Paul gave to the jailor are the words of God and are trustworthy. The word "shalt" rings out with positiveness and certainty. Salvation is the "sure" possession of the sinner who believes on the Lord Jesus Christ. Such an one "is" saved, not "may be" saved, or has begun to be saved. He is "saved" the moment he believes! Acts 16:30-31. Perhaps it should be noted that not one word about our feelings is mentioned in the great promise of salvation by faith. Altogether too many people try to judge by their feelings. To rest in the promise "thou shalt be saved" comes from God and the Holy Spirit provides all reference to feeling. Never depend on feeling! Depend on the truthful word spoken by God. Believing in Christ as a personal Saviour is to have eternal life, while "not to believe on Him" is to "abide forever" under the wrath of God. John 3:16, 18, 36. What a blessed fact it is to be saved, but, oh, what a dreadful thing to be lost! Is the "way of salvation" too narrow? Let God be true, His Word is sure!

Haliburton Personals

Mr. & Mrs. Norm Murray, of Kirra, Australia, were visitors with Mrs. Harold

Douglas, Mr. & Mrs. Arnold Roberts, on Tuesday of last week.

First fiddle and step dance contest at Legion

The first annual Haliburton Step Dancing and Fiddle Contest will be held October 7th at the Haliburton Legion Auditorium.

Harold Bannon, organizer of the event, said that the contest, which is still being planned, will begin at 1 p.m. and run until 5 p.m. and then resume again at 7 p.m.

He pointed out that the contest is being sponsored by the Haliburton Legion.

Mr. Bannon said that more

information will be available at a later date.

Bible found

Carol English, of R.R. 2, Haliburton, has found a Bible that she would like to return to the owner.

She told The Echo that she found the Bible on Highway 19, last Friday night.

The Bible is inscribed to Mary and John Gary Bennett. She said that the owner can contact her by mail.

Mr. & Mrs. Don Rennick and daughter Danielle have been vacationing at the Northern Eagle camp grounds.

Mr. & Mrs. Don Feir, of Bradford, were visitors to Haliburton last week.

Mr. & Mrs. Bob Dart, Mary, Gregory and Steven Rice, spent the weekend of July 16th with Mr. & Mrs. Russ Dart. Gregory visited the following week with his grandparents. Russ attended the Canadian Open Golf Tournament at Glen Abbey, Oakville, with Bob, Jane and Greg.

Mr. & Mrs. Jim Henry and Family, of Orangeville, are vacationing at their cottage on Loon Lake.

Mr. & Mrs. Gord Ross, of Toronto, were visitors here over the weekend.

Mr. John Rouble, former principal of the Haliburton Highlands Secondary School, was a recent visitor to Haliburton.

Mr. & Mrs. Bob Collier, of Toronto, spent the weekend camping at Northern Eagle.

Mr. & Mrs. Bill Farrell and Family, of Beamsville, have returned home following a vacation at Edgewater Beach Camping Grounds.

Mr. Ross Dart, of Niagara Falls, Ontario, is once again spending his summer vacation at his cottage on Drag Lake.

Mr. & Mrs. Dick Holland and Family, of the U.S.A., have been holidaying at their cottage on Drag Lake.

Mr. Jack Rule, of Toronto, was a visitor here over the holiday weekend.

Mr. Craig Watson, of London, England, has been a visitor with Elwin and Mary Robertson for the past ten days and now has continued his journey to Brantford, Ontario, Michigan, Rochester, New York, and other points in the U.S.A. before returning home to England at the last of the month.

**RENTAL
GM
LEASING**

VERY LITTLE DOWN WHEN YOU LEASE A NEW CAR FROM US

That's because your deposit on a new lease car can be substantially less than what you'd put down to buy a new car. What's more, you'll never fret over what your lease car is worth at trade-in time because your car will never get too old.

Each monthly leasing payment also covers such costs of enjoying a new car as financing, depreciation, taxes.

There are other solid reasons for leasing a new Chevrolet from us. So, come on in. Let's discuss the lease plan... and that new Chevrolet... that fit your needs. And your pocketbook.

Bill Smiley

**The real
Mafia**

Drove about 200 miles the other night with a couple of other idiots to watch a big-league double-header baseball game: New York Yankees vs. Toronto Blue Jays.

"How can you just sit there for six hours, watching a group of grown men do something we used to do in public school, at recess?" my wife asks, with amusement and not a little scorn.

Well, it's a little difficult to explain, without sounding childish. In the first place, these are not grown men. They are professional ball players. Secondly, they don't do it quite the way we did it at recess. Thirdly, baseball, once you get it in your blood, is like a low-burning fever, and the only anti-biotic that cools it out is watching a ball game.

Baseball players, like hockey players, are not grown men. They are overgrown boys, who are highly paid for doing something they'd rather do than eat.

And they do it superbly, with a skill and grace and ease that make the game as thrilling as any ballet. There's an extra charge in the knowledge that one of the dancers is going to make a misstep at any time and come up with egg on his face, instead of the baseball.

Finally, I played baseball in a baseball town, from the time I was about eight until I was 16 or so, often for hours a day.

My heroes, in those days,

were the members of our local professional team, even though it was Class D ball. They were tall and bronzed and lean, college boys and coal miners from the States, many of them with unpronounceable names that sounded exotic in that small Anglo-Irish-Scottish community.

They weren't great ballplayers; few of them went up to the major leagues; but they were pretty good. To us kids, they were Hercules and Achilles rolled into one. To the girls in town, they were Adonis.

They chewed tobacco, and we imitated them with licorice. They spoke with a variety of Yankee drawls and we tried to copy them, much to the dismay of our mothers. They ambled and slouched, and we did the same.

We couldn't afford the admittance price in those Depression days, but we never missed a game. There were ways: over the fence; through a hole in the fence; carrying in players' equipment; tending the water bucket; shagging pop or beer bottles and turning them in for the refund.

It was always summer, in those summers long ago. It never rained, or blew, or turned cold. The sun always shone, the pop was always ice cold, the popcorn was crisp with real butter, the hot dogs were red hot.

There was no night baseball then. We didn't

have lights. But about five o'clock on a summer evening, the merchants began rolling up their awnings, kids were gulping down their early suppers, and everybody headed for the ball park.

Everybody knew practically everybody on every team in the league. Everybody knew that the umpire, Pete O'Brien, was blind as a bat. Everybody knew that Izzie Mysel, all six-two and 280 pounds of him, would go for the fences every time, and probably strike out four times in a row.

There was no fancy electronic scoreboard, but everybody knew exactly how many balls and strikes there were on the batter, how many strikeouts the pitcher had made, and how many hits each player had.

It wasn't so difficult then. Usually, nine men played the entire game. Pinch-hitters were a rarity, because, naturally, all your best hitters were already playing. When you had, and could only afford, a rotating pitching staff of two, the pitcher was seldom pulled.

There was no artificial turf, with its exact bounce. There were pebbles and tufts of grass that would give a ball a bad hop and put it over the fielder's head, or through his legs, and make a single into a triple.

And — this is one of the grand things about baseball — there was always a chance, even when it was 15-3, for a hometown rally in the last of the ninth, with all its wild excitement.

That's where baseball has it over other spectator sports.

If the score in hockey is 8-2 with two minutes to go, it's game over. Not even the Lord could score that many in that time. Same in football. Score 30-10 and a minute and a half left, there

is no way.

But in baseball, the game is never over until the last player is retired. A real baseball fan never gives up. In those days, you didn't see the fans filing out early if their team was away behind. We sat tight, waiting for the miracle.

Greatest humiliation of my life was taking a called strike with the count three and two and the winning runs on second and third, two out, last of the ninth. And I still swear that ball was low.

And maybe those are the reasons I went to that double-header. Never mind the four hours driving. Never mind the horrible traffic. Never mind the rip-off prices and the claustrophobic feeling of being in a mob of 40,000 trying to get out of a stadium.

The game still has some of its old magic, on a mid-summer's eve. The players still boot that crucial ball. The coaches still make all the wrong decisions. The umpires still have myopia. And the music of the crowd and the smells of the food and the sight of that little white pill sailing off into the blue, headed for the fence, make for a great evening of nostalgia.

The Argyle Syndicate Ltd.

Tenders

Tenders are invited for rental of the following road construction equipment.

- Five tandem axle dump trucks (minimum capacity 42,000 G.V.W.) with operators.
- P.C.V. licence is required.
- Approximately 160 hours each.
- One four wheel drive loader (minimum net H.P. 90) with operator.
- Bucket capacity S.E.A. 1.6 cubic yards. (2 cubic yards heaped).
- Approximately 160 hours.

JOB LOCATION

- Anson Lake forest Access Road located approximately five miles west of Pine Springs on the Hindon access road.

STARTING DATE

- Within one week of closing date.

Interested parties may obtain tenders at the Ministry of Natural Resources District Office at Minden, Ontario: Closing date 12:00 o'clock noon August 17, 1977.

Public opening of Tenders will take place at the Minden District Office on Friday, August 19, 1977 at 2:00 P.M.

Travelling time to and from the job, as well as machine floating time, fuels, lubricants and maintenance, is the responsibility of the tenderer.

Tendered Equipment must operate at stated capacities.

Tenders must be submitted on proper tender forms.

Lowest or any tender not necessarily accepted.

Equipment subject to inspection before tender is accepted.

Fleet operators required to show proof of Workmans Compensation.

Minimum Insurance required \$200,000 P.L. & P.D.

Equipment rental subject to Mechanic Lien Act.

PLAN NO. 76-1440:

If it's good design or a plan for easy living you're looking for, this Home of the Week is the one for you. Particularly well suited for a corner lot, it makes the most of its 1440 square feet of living space.

When selecting the plan be sure to check on local requirements for side yard, front and rear setback allowances, as they affect the building. That'll save you from falling in love with a plan that won't fit your lot.

The exterior finish illustrated combines horizontal and vertical siding with the clean simple lines of the design, however, many combinations of materials could be used with the same pleasing effect.

The kitchen and nook are well designed to please the housewife, with a compact work area - a homemaker's dream where all the appliances are within easy reach. Two space-saving pocket doors allow more useable wall space.

This non-basement plan places the washer, dryer and furnace in a convenient storage space in the inner hall. Cover the space with louvered doors and add character and charm to the hallway.

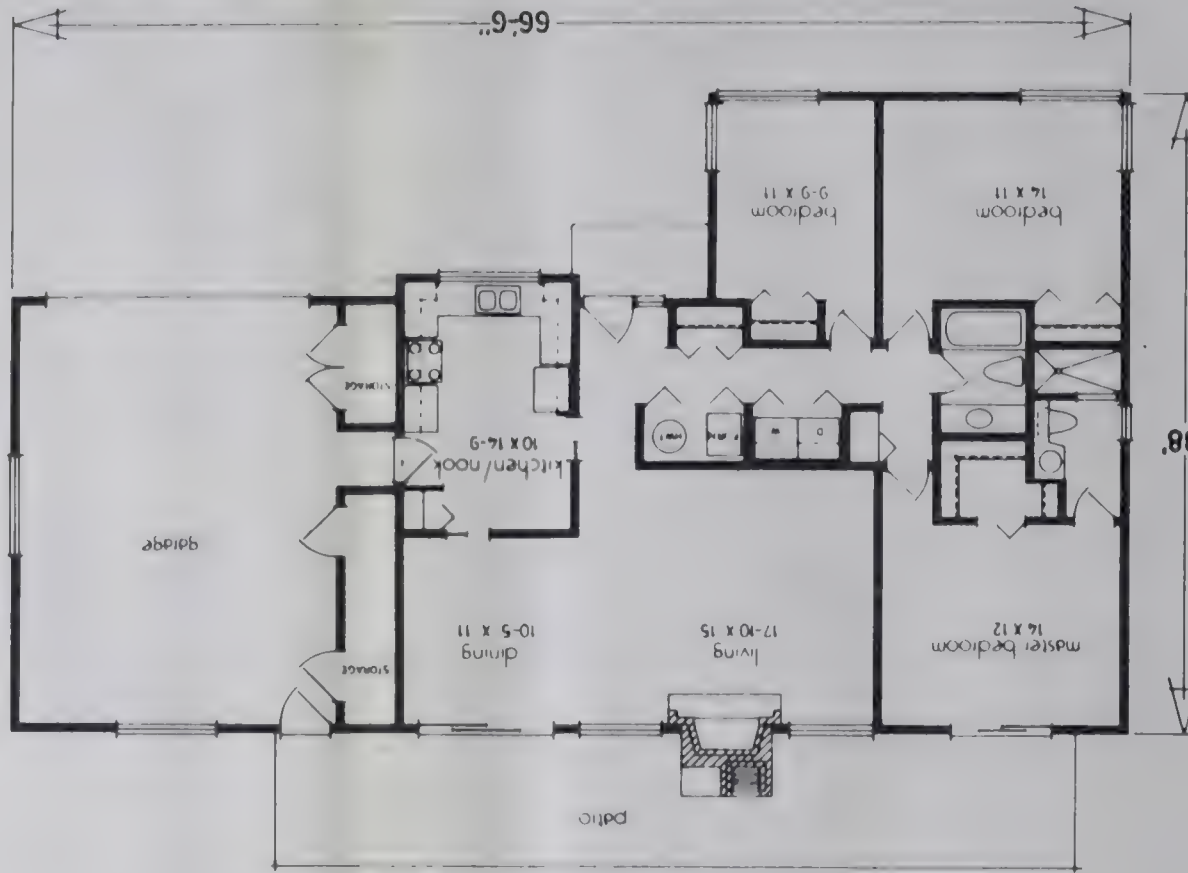

The master bedroom features a large walk-in closet, a three piece ensuite, and patio access through the sliding glass doors. The second and third bedrooms make the best use of available space to accommodate a growing family.

It's easy to organize packed-away items in the entire wall of cupboards in the garage. Add more doors, or put in shelves to keep everything within easy reach.

Sliding glass doors from either the dining area or the master bedroom open onto the full length patio, and put summer fun just steps away. The fireplace set in the living room wall of glass incorporates an outside barbecue sharing the same chimney. Overall, a perfect design for a family that enjoys outdoor living.

Plan for design No. 76-1440 may be obtained at a cost of \$60.00 for the first set and \$9.00 for each additional set, plus \$3.50 for postage and handling. B.C. residents please include 7 per cent sales tax.

Send for the current edition of Select Home Designs Series 34 featuring imaginative decorating and home improvement ideas plus more than 300 quality home plans of every type. Available for \$2.25 (\$1.75 plus 50 cents postage and handling). To order these items please send cheque or money order payable to the Home of the Week. Address to: Home of the Week, c/o The Haliburton County Echo, 382 West Broadway, Vancouver, B.C. V5Y 1R2.

Fiddle and step dancing results

The Ontario Kawartha Lakes Open Fiddle and Step Dance Contest had a lot of winners but the biggest winner of them all was the contest.

The contest, held in Bobcaygeon, attracted a capacity crowd.

Carrie Gray, 5-years-old, of Perth, was the youngest competing dancer; Lawrence Markle, 84-years-old, of Napanee, the oldest competing dancer; Donnell Leahy, 9-years-old, of Lakefield, the youngest competing fiddler, and Jim Thompson, 81, of Bobcaygeon, the oldest competing fiddler.

First place of 18-years-old and under, in the fiddle division, went to Rick Cormier of Bay Ridges. Lloyd Wilson, of Kingston, took first place in the 19 to 34 age category. The 35 to 49 age category went to George Mitchell, of St. Catharines. First place in the 50 to 64 category, for fiddlers, went to Lorne Wilson of Carleton Place. Tom McQuestow of King City took top spot in the 65 and over category.

The ladies division went to Ellen Knapp, of Ancaster.

In the under 19-year-old division, Rick Cormier had the most points. First place in the special local fiddle class was taken by Cecil Junkin of Fenelon Falls and Don Reed of Sudbury was the Ontario Open Fiddle champion.

In the step dance section, Maria Dawn Leahy, of Lakefield, won the eight and under division; Denise Leahy of Lakefield took the 12 and under division; Cathy McIntosh of Carleton Place was tops in the 18 and under division; the 19 to 49 division went to Jerry Meehan of Almonte; Morris Montgomery, of Omamee, won the step dance section for 50 and over.

First place in the old time free style went to Julie Leahy of Lakefield, while Denise Leahy took the most points in the under 19 division.

The Ontario Open step dance champion is Pat Stackhouse of Lonsdale.

Maple Lake

from page 9

Friday visitors with your correspondent were Mrs. Pat Compas of Soo, Michigan, and Mr. Holly Gray of Toronto, en route to Haliburton Lake for the holiday weekend; also Mr. & Mrs. R.L. McCann of Scarborough en route to KENNISIS Lake and Miss G. Mahaffey of Agincourt who has returned for another holiday in Haliburton with her friend.

Mr. & Mrs. Bill Cowen (Lynn Carr) and children, of Little Britain, had the misfortune of being involved in a car accident Sunday evening while returning home from a trip to Algonquin Park. Although I have been told that they were badly shaken up and suffered bruises, there were no really serious injuries.

Mr. & Mrs. David Beevor and baby have been holidaying at Maple Lake for two weeks.

The John Dyers had as guests during the week, their daughter, Dorothy Pascoe of Oshawa, also Mrs. Dyer's nephew and his wife, Mr. & Mrs. Ed Dyer of Prince Rupert, B.C. who journeyed on to Brooklyn to visit the home folk before returning west.

Horseshoe tournament

A record number of people participated in the annual Gooderham Horseshoe Tournament at the Old Time Horseshoe day.

Greg McGrath, of Peterborough, ended up in top spot both days of the event.

Other top competitors included John McGrath of Peterborough, Ron Rowe of Peterborough, Art Wallwork of Peterborough, Ted McLaughlin of Fenelon Falls and Bob Reid of Toronto.

Haliburton wins three

The Haliburton entry in the fastball league has come with three wins last week and is in second place in the league.

The team downed Fenelon Falls 5-4, Bobcaygeon 2-1 and Minden 11-7.

The team still has a chance at first place in the standings.

Thank-You

Nellie & Harry MacMinn wish to thank Lillian Davidson and Jeanne Sears and Marg MacMinn and the Mini Card Club for the wonderful Lawn Party they gave us for our 50th Anniversary. Thank you one and all.

Monmouth Library Staff would like to thank all who contributed to a successful exhibit of Jubilee displays and Arts and Crafts on Sunday, July 24, 1977. To those who generously supplied beautiful samples of local talent, to our Library Committee members for their time and interest, to Ron and Lynn Storey who provided an interesting film viewing and to Donna Herbert for artistic arrangement and capable assistance.

I wish to express my sincere thanks to Doctors McFadden and Cameron of Kitchener, Rev. George Meades for prayers in St. Margaret's Church, Monmouth Senior Citizens and to my family and good friends for gifts and best wishes. Also, to doctors, nurses and staff of Boston General Hospital for good care during my confinement.
Mrs. Beatrice Matthews

Marriage Announcement

Rev. & Mrs. Glenn Rosch are pleased to announce the forthcoming marriage of their daughter, Sandra Lynn, to James Melville MacBrien, son of Mr. & Mrs. Robert MacBrien of Minden, on Friday, August 12th, 1977, at 7:00 p.m., at the Haliburton United Church.

from page 9

and Marilyn Jarvis. This 100 acre park was once owned by Art Asbury who designed and worked on many famous racing boats in the building that now houses the office and snack bar. Glen moved here two years ago and is constantly adding more sites in a large variety of locations that will provide visitors with a great many choices.

Wildwood Printing in Dwight produced a quantity of "Haliburton is for Lovers" bumper stickers this spring and we have agreed to dispose of the balance of his inventory for him. They are presently selling rapidly at 25 cents each, and while they last are available in lots of 100 to members at a substantial discount, at the Chamber office.

Bob Palmer, who runs the Tourist Information Centre, at Dwight, and publishes "Holiday Country" newspaper, was rushed to hospital last Wednesday. He was in considerable pain which was found to be the result of about 60 gall stones. He is now recovering nicely from his operation, at Huntsville Memorial Hospital, Room 306.

A hearty congratulations goes out this week to George Hardy, a past president of the Chamber, who was just notified by Coca Cola that he is the lucky winner of a \$21,000.00 "Denim Machine" van. George says that he has been entering contests for years, but prior to this the only thing he ever won was an election. George presently mans the Haliburton Highlands Pioneer Museum which is quite a contract to the van he will be driving.

Now that Wilberforce, Minden, and Haliburton have all held their respective carnival parades, we hope that you won't put everything away until after the County Fair Parade at Minden. This is a "county" fair so we should see a huge parade consisting of all the floats and participants of all three of its predecessors. The new date for the fair is August 13-14 and the committees are working hard on an all new look. The Chamber urges everyone to get behind them and make it a truly "county" fair. See you there.

Promotions and transfers for Provincial Police

Commissioner H.H. Graham today announced the following promotions and transfers in senior positions of the Ontario Provincial Police Force.

Staff Superintendent, J. A. MacPherson is promoted to the rank of Chief Superintendent, Policy Analysis Secretariat, to replace Chief Superintendent D.D. Higley who will be retiring from the Force.

Chief Inspector F. R. Blucher is promoted to the rank of Staff Superintendent and transferred from the Community Services Branch, Staff Services Division, to the Training Branch, Staff Development Division, replacing Staff Superintendent J. A. MacPherson.

Chief Inspector, J. A. Fullerton has been laterally transferred from the position of Director, Auxiliary Police Branch, to replace Chief Inspector F. R. Blucher, as Director, Community Services Branch.

Inspector P. M. Caney, Career Management Branch, has been laterally transferred to be second-in-command of the OPP Community Services Branch.

The promotions and transfers are effective July 22, 1977.

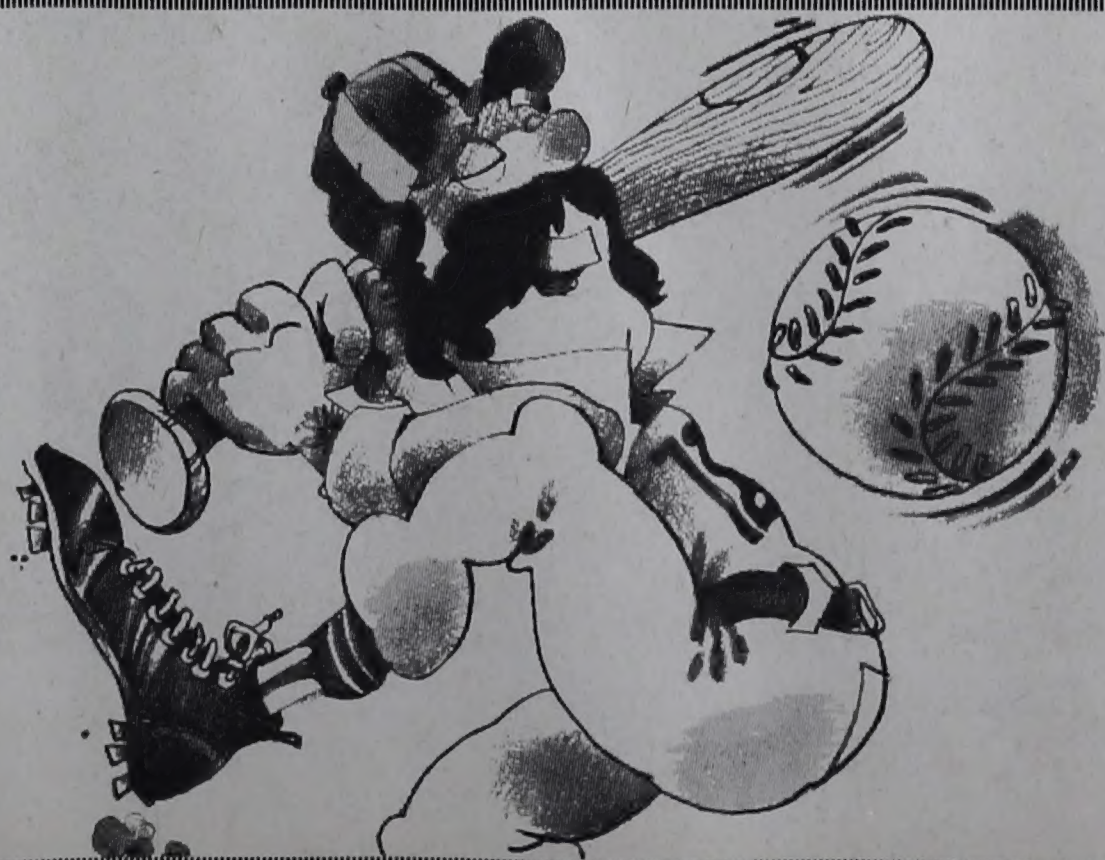

Auction sale was a total success

Due to the talent of Canada's youngest auctioneer, Greg Hickson, the auction held by the Library-Museum Committee, on Saturday, was a success. Young Greg sold all we had in short order and would only take money for travelling expenses in return.

Those of you who were in attendance will be interested in knowing you may be on television in December. CHEX Television was filming and taping the auction for a special they are running, featuring Greg Hickson, later this year.

We would like to thank all those who supported us by donating articles, coming to bid, or working on the sale.

Our next projects involve the sale of tickets for a draw on a Barbie Doll with 27 outfits made by some local ladies. Also, we plan to have two booths at the County Fair, August 13 and 14. See you at the fair!

whatever
your
pitch...

you make your best hit with us

Make a grand slam in sales through newspaper advertising! We're your best bet as far as readership (the bigger our circulation, the larger your audience!), economics (it's the most economical way to promote business), and effectiveness (you'll get results you can bank on!). Let's discuss your advertising future soon!

I am a community newspaper...

While the high and the mighty strut and stamp across the world's stage, six women go out to visit the elderly.

A small boy scores the winning goal in a hockey game. An amateur theatre group produces a smash hit. A town council passes an important new law.

The real lives of real people. People who don't start wars, who don't build empires, who don't go into the history books.

But whose stories are exciting, interesting, vital and important. Stories that should be told.

And I tell these stories every week. Because I am a community newspaper.

I am a community newspaper. My arena is not Parliament, the White House, the U.N.—it is the neighbourhood. The community. But what I have to say about it, touches my readers' lives every bit as much as that larger drama. Maybe even more.

I am a community newspaper. I am welcomed into hundreds of thousands of homes every week. Not as an intruder, shrieking out the harshness, violence and complexity of the world. But as a friend. A mirror of my readers' lives. Their joys, sorrows, accomplishments.

I am a community newspaper. I am proud, tough, independent. I know when to smile, when to grumble, how to chide, how to help.

I am a community newspaper—in a great community. And I'm proud of it.
